

After Action Review (AAR) Purpose and Method

Purpose: Learn and Grow

Method: Objective and Subjective analysis

Make sure the right people are involved

Do it as soon as possible – Make it part of the event/performance timeline

Nothing personal – admit your mistakes and give praise where it's due

Record lessons learned and keep them safe and accessible

Review Questions:

What was the Objective?

What was the Plan?

How was Execution different from Plan?

What was good/bad about Planning, Preparation, Execution?

Knowing what we know now, what would/will we do differently next time? (Planning, Prep and Execution)
